Summary

I am a dynamic professional with proven capabilities in Material Controlling, Strategic Sourcing, Procurement, Supply Enhancement, and E-Auction Management

★ Working as a versatile expert for various organizations to provide services that are not only the best but legendary in every way

➤ WHERE CAN I ADD VALUE

- Managing float tender documents (RFQ) and offering clarity as required to vendors seeking quotations/proposals, while also regularly following up with suppliers to make sure prompt filing of offers.
- Evaluating and endorsing suppliers' Engineering Procurement Manufacturing Schedule (EPMS)/ Work in the Engineering, Procurement, and Construction Industry (EPC).
- Extraordinary at reviewing vendor performance using a variety of factors such as rejection percentage, quality improvement rate, timely delivery, and credit terms.
- Excellently organizing Procure to Pay activities, strategic sourcing, supply enhancement, supply chain management, and electrical and instrumentation packages from overseas and domestic vendors for the Reliance Group's various business wings such as Defense, Power, and EPC Projects.
- Exceptional analytical evaluation experience to improve supply chain effectiveness, as well as evident competence in handling logistics functions.

➤ KEY ACHIEVEMENTS

- Coordinated Procure-to-Pay (P2P) Operations, Strategic Sourcing, Supply Chain Enhancement, and so on for Reliance Group's Defense, Power, and EPC Projects from Overseas and Domestic Vendors, Electrical and Instrumentation Packages.
- Utilized SPMAT and the SAP MM tool for material tracking and PR creation.
- Endorsed the Engineering, Procurement, and Construction (EPC) Business Supplier's Engineering, Procurement, and Manufacturing Schedule (EPMS) (EPC).

About Me

A supply chain specialist with strong database query skills setting a bar in a high-energy, often deadline-driven environment.
