Summary

Hello, I'm Akshay Shekate, a computer engineering student with
a passion for software development. With a strong academic
background and practical experience in programming and web
development, I am eager to make a career in this dynamic field.

I take pride in my 5-star coder status on HackerRank and have
already developed and published Android games on Google Play
Store during my time at Teknack Gaming Studio-DBIT. Additionally,
I've gained valuable experience through internships at Let's Grow
More and ACM-DBIT, where I honed my skills in web development
and UI/UX design.

I am excited to explore various opportunities within software
development and remain open to new trends and specializations.
With a strong foundation, a passion for technology, and a focus
on continuous growth, I am confident in my ability to succeed and
contribute meaningfully to the world of software development.
